_____ <i>(Signature of person authorized to sign)</i>				BY _____ <i>(Signature of Contracting Officer)</i>			

This amendment is issued to revise a response to a previously answered RFP question and revise the RFP as indicated below:

- A. The DOE response to RFP Question 14, which was included in Amendment 0001, is revised as follows:

**Question 14**

Part I, Clause I.43, paragraph requires that the offeror list any hazardous material to be delivered under the contract. Paragraph (d) requires the “apparently successful offeror” to submit Material Safety Data Sheets for all hazardous material listed in the response to paragraph (b). Paragraph (d) further states that “Failure to submit the Material Safety Data Sheets prior to award may result in the apparently successful offeror being considered nonresponsible and ineligible for contract award.” Please clarify the applicability of this clause to the current solicitation. Specifically, is the list required by paragraph (b) to be submitted with the Offeror’s proposal? If yes, in what Volume of the proposal is the list to be included.

**Revised DOE Response**

“The data submission required by clause I.43 52.223-3 “Hazardous Material Identification and Material Safety Data,” subparagraph (b) is required to be included as part of the offeror’s Proposal Volume I. However, the clause subparagraph (b) list can be satisfied by referencing the DOE-FEMP “MSDS” database maintained by the incumbent contractor. The apparently successful offeror may also meet the clause subparagraph (d) submission requirement by referencing the same database.”

- B. Section B.2, paragraph b, “Financial Plans: Cost and Commitment Limitations,” The second sentence is revised to read: “The Contractor’s costs and commitments (including fee) cannot exceed the amount obligated for any appropriation obligational control point identified in any Financial Plan issued in support of this contract.”

- C. Section B.6, “**CHART II, SCHEDULE INCENTIVE,**” is deleted and replaced with the following revised chart:

### Fee for Schedule Acceleration

- D. Section B.6, second paragraph, second sentence is revised to read: “The Cost and Schedule Incentives are independent of each other, and the amounts awarded for each are not dependent upon or reduced by the other, with the exception that late completion of the Target Schedule will cause a reduction of other incentives up to the maximum of \$10M.”
- E. Section B.6, Schedule Incentive, 3<sup>rd</sup> paragraph, last sentence is revised by deleting the words “anticipated to be earned.”

- F. Section B.6, "**Current FEMP Baseline dated March 26, 2000**", Note, the 6<sup>th</sup> sentence is revised to read: "The Contractor shall ensure Baseline Revisions and/or Change Proposals addressing DOE guidance optimize all available resources ensuring that site goals are completed in a safe and efficient manner that brings the site to completion as quickly as possible."
- G. Section B.8, paragraph c, 1<sup>st</sup> sentence, add "subject to availability of appropriated funds" to the end of the sentence.
- H. Section C, Statement of Work (Attachment 1 to Section J), PBS-07: Silos Project, paragraph 2, third sentence, change "...required by the CA..." to "...required by the ACA..."
- I. Section C, Statement of Work (Attachment 1 to Section J), PBS-07: Silos Project, subparagraph 2, Silos 1 and 2 AWR Project, last sentence, change "8,800 cubic yards" to "8,000 to 10,000 cubic yards."
- J. Section C, Statement of Work (Attachment 1 to Section J), PBS-07: Silos Project, "Regulatory and Stakeholder Commitments/deliverables," subparagraph 2, Silos 1 and 2 AWR Project, revise "Submit Remedial Action Work Plan to EPAs" to read:
- "Submit RCS Phase I Remedial Action Work Plan to EPAs      March 2, 2001  
Submit Waste Retrieval Operation Remedial Action  
Work Plan to EPAs      August 30, 2002"
- K. Section J, Attachment 2, add:  
"DOE N 473.4      Department of Energy Badges 05/26/00."
